

Order Systems / Product options

Schools have various ordering systems, shooting styles & design options available. Should any part be unclear, please do not hesitate to contact us and a representative will gladly come and explain the options to you.

NON-DISCLOSURE AGREEMENT:

A non-disclosure agreement is provided as standard guaranteeing complete privacy and security of data provided or collected for ordering and non-invasive administration purposes.

ORDER SYSTEMS:

Over the years we have developed & perfected our various order collection & fulfilment systems to best suit your school's needs. Each system has their own unique benefits. The focus in 2020 is on client ordering simplicity & cashless transactions.

Parents are able to pay with cash, by eft, via cell phone App or online system or with the SnapScan app.

SHOOTING STYLES:

Individual Photographs:

Formal or informal shooting methods available. Photographs are taken on illuminated white backgrounds, or by using "Green Screen" technology that allows interchangeable digital backgrounds.

Class groups:

Three standard styles are available. Traditional, composite or panoramic classes. We make use of facial recognition to include learner names to traditional class groups. Panoramic classes do have physical limitations that allow only up to 34 learners per group

Please fill in a form for each photo day booking

Thank you for booking with **Prestige Photographic**.

Please assist us in keeping our records up to date and include any new details.

Our database system links pupil's names to their photographs; to do this, we require your class lists in a digital format. Assistance can be provided in extracting the names from your school's database system. This data must be e-mailed to the relevant branch. **NOTE: FAXED OR SCANNED LISTS ARE UNUSABLE.**
